# Fall Message

Fall in Maine is, in my opinion, the most beautiful time of year. And, fall approaches, we enter the holiday season. That means costumes, family dinners and gift giving. It also means colder temperatures and the start of the heating season. This is also an election year, so this fall will be particularly eventful. We hope the information shared in this quarterly newsletter will give you some ideas about how to navigate the season change successfully and provides you with important voter information as you prepare to go to the polls. We'd also like to introduce you to a new face at PHA, update on what's happening in our study centers and look a little further down the line toward TAX season, because it's never too early to get ready for Tax time. Happy fall, everyone!

Director of Resident Services

# Winter is coming... Do you pay for electricity?

With the coming colder weather comes financial challenges for some, especially since we stay in more and may rely on electricity more. Here are some things you should know to get through the cold months.

The official start to the heating season is October 1st and ends April 1st of the following year.. Did you know that during this time the average household's electricity bill increases by 26%. That can amount to hundreds of dollars by the end of winter. In Maine, The heating season also means that legally, electricity companies cannot disconnect customers. However, fall and winter can mean hardships for households, especially if people fall behind on payments. So, what do you do if you fall behind? The first thing is to contact CMP. CMP has several programs to help customers keep the lights on and manage your bill.

## **SimplePay**

SimplePay lets you make a stable monthly payment based on your average monthly electricity usage over the past year. That means, you'll get a bill for the same amount each month, so you'll always know what your bill will be.

## **Get Usage Alerts**

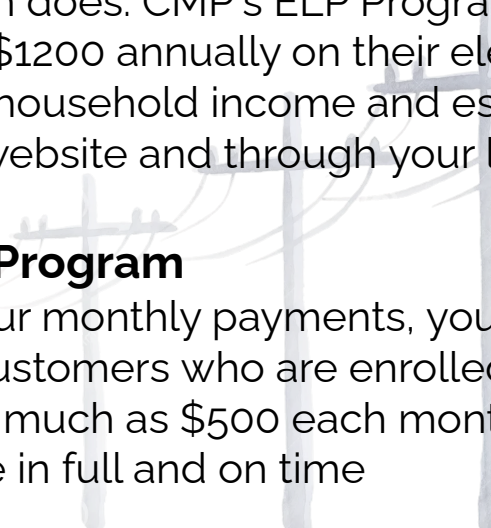

Would you like to know how much and the cost of electricity you've used before the bill comes ? Now you can with Usage Alerts. Sign up online then text USAGE to 267898 and receive a message with the amount and cost of electricity used through the prior day. Would something like this help you keep costs down?

## **Electricity Lifeline Program (ELP)**

Sometimes what we need is a little assistance to make our dollars go further. That's what the ELP program does. CMP's ELP Program offers qualified customers a credit of up to \$1200 annually on their electric bill. The amount of your ELP credit is based on household income and estimated electricity usage. You can apply on the CMP website and through your local HEAP program.

## **Arrearage Management Program**

If you've fallen behind on your monthly payments, you will want to consider this program. It helps qualified customers who are enrolled in HEAP or ELP reduce their past due balance by as much as \$500 each month, as long as current monthly payments are made in full and on time

# For you, The Voter

2024 is a big election year and there is some basic voter information we would like to share with you,

**NOVEMBER  
5TH**

**To vote in Maine, here are the basic rules you need to follow:**

- You must be a U.S. citizen.
- You must be 18 years old.
- You also need to live in the town or city in Maine where you want to register.

**How do I register to vote?** In Maine you can register to vote in a few different ways.

- You can register online by October 15th at <https://registertovote.sos.maine.gov/OnlineVoterRegistration/Registration>
- You can fill out a voter registration form and mail it. It must be received by October 15.
- You can register in person on election day!

## **What is a Voting Residence?**

A voting residence is the place you call home and plan to return to if you leave temporarily. You can prove this by showing things like where you live, where you get your mail, or the address on your driver's license.

## **Special Situations**

If you are a student, you can register to vote where your school is if that's your main home, like a dorm or apartment.

If you are in the military, you don't lose your voting home just because you're stationed somewhere else.

Did you know Maine is one of two states where citizens never lose the right to vote? Even if you're in jail you still have the right to vote where you lived before.

Even if you don't have a traditional home or are unhoused, you can still register to vote by describing where you stay.

# News from Greater Portland Health

Did you know Portland Housing is host to 3 Greater Portland Health Clinics? They located in Riverton Park, Sagamore Village and Franklin Towers and are open to all PHA and community residents.

## RIVERTON CLINIC WILL BE OPEN MORE HOURS!

We are so excited to expand our Riverton Park clinic's hours beginning in September, and are adding even more hours starting in October. We remain closed on Wednesdays. To schedule an appointment, stop by to see us or call our main office at 207-874-2141. WE ARE ACCEPTING NEW PATIENTS!

### New Hours of Operation for September in Riverton

- Monday: 8:30am – 430 pm (Anthony)
- Tuesday: 8am – 4:30 pm (Brad)
- Wednesday - CLOSED
- Thursday: 8am – 430pm (Brad)
- Friday: 8am - 3:30pm (Brad) – these hours are being added on October 1st!

**WELCOME TO OUR NEW HEALTHCARE PROVIDER!**  
**BIENVENU PRESTATAIRE DE SOINS!**  
**BEM-VINDO PRESTADOR DE CUIDADOS DE SAÚDE!**

#### BRAD SMITH, PA-C!

Bradley Smith earned his Master of Physician Assistant Studies at the University of New England and Bachelor of Arts from Dickinson College. He has 15 years of experience working with patients of all ages in the Greater Portland area. Bradley looks forward to serving the Riverton Park and Sagamore Village communities and providing excellent, timely care. In his free time, he enjoys reading, triathlons, and exploring new places with his wife and family.

## Community Influenza (Flu) Vaccine Clinics Coming in October

We will offer flu vaccine clinics to the community in early October. You can come to a clinic even if you are not a patient of GPH. Getting vaccinated in October ensures your vaccine can give you and your family the best protection from influenza from October through March, when the virus is most active in Maine. We will post specific dates and times outside our clinic and in this newsletter.

## Flu and COVID Vaccines for GPH Patients

If you or your child is a GPH primary care patient, flu vaccine will be available at all appointments in mid-September. COVID vaccines have not yet arrived, but we hope to have them available in late September or early October. Call our main office at 207-874-2141 to make a vaccine appointment at the Riverton Park clinic or at the 180 Park Avenue clinic, which has a vaccine clinic every Wednesday from 8am-12pm.

# Future Events

## It's Apple Picking Season

Apple picking a New England tradition, and you don't have to go too far to find orchards where you and friends and family can spend an afternoon tasting new apples and picking enough to make goodies. Here are some nearby locations.

- Maxwell's Farm

Two Lights Rd, Bowery Beach Rd,  
Cape Elizabeth, 04107

- Sweetser's Apple Barrel and Orchards

19 Blanchard Rd, Cumberland,  
04021

- Hansel's Orchard

44 Sweetser Rd, North Yarmouth,  
04097

- Orchard Ridge Farm

236 Sebago Lake Rd., Gorham,  
04038

Happy Apple Picking

## 2025 Tax Season

Some of you may not know that PHA works with our friends at the CA\$H Program to offer free tax preparation. This service is to open all residents and community members. Just like in year's past, onsite tax services will be offered at both Riverton Park and Sagamore Village. Look for information in the future about how to sign up for an appointment.

CA\$H is also looking for volunteers, so if you're looking for a volunteer opportunity, contact Teyonda Hall at 207-221-8003 for more information.

## Art Exhibition 2025

The 2024 PHA Connections Art Exhibition was so successful, we're doing it again. 51 artists exhibited work at Mayo Street Arts in May and June of this year. We're grateful all the community support we received and all the artists who celebrate our local talent with us. So, all you artists out there,, be on the look out for future opportunities to register for the 2025 exhibition.

# PHA's Family Self-Sufficiency Program, a Savings Program

PHA has been operating this savings program for over a decade and we want to make it available to more people. But instead of us telling you about it, we'll like you to hear from one of our participants.

## **Delice's Story**

Delice is a recent FSS graduate. She came to Portland, Maine from Rwanda with her family. Like many people who come from other countries, she gave up the life she knew to find a place of safety. But she didn't speak English, so she went to adult education and graduated from the English Language Program and after a few years, she was able to move into public housing. Delice and her family embraced the challenges they faced and worked hard. After becoming more fluent in English, she decided it was time work on her career goals. She went to SMCC and completed a CRMA certificate, which allowed her to work in the healthcare sector. But things were still challenging. Delice said, "I had a hard time saving money to accomplish my goals and I wanted to start a business." That's when she joined the FSS program.

## **How did the program help Delice?**

When asked how the program helped her, she said, "the program helped me save money. I completed my goals and it didn't take long to do it." With the program's assistance, Delice also started a home health business and increased her earnings.

## **What would Delice say to anyone considering the FSS program?**

Do it. "I wish everyone knew about the FSS program. It's a big thing and so helpful. I want to [re-enroll] again."

Getting ahead takes time, patience consistency and having people on your side. We're here to be your cheerleaders and to connect you to opportunities that help you get ahead.

**Grow your savings. Join  
us for our next virtual  
Info Session!**

**October 9th @ 5PM**

# Sagamore Village Food Share

The Sagamore Village Food Pantry has a new name. To reflect the real value of this food service to the neighborhood, we're using a new term, Food Share. A food share is just what it sounds like. It takes extra food from the community and distributes it to households who are trying to stretch their food budgets. This is where PHA residents can get farm fresh produce, meat, milk and fruits to make healthy meals.

In Sagamore Village, the food share has been run by Marilyn Pierce for the last 9 years! She and her volunteers have worked hard to keep the food share going even through the pandemic and are still hard at work ensuring that quality food gets delivered to the neighborhood every Tuesday from 9am to 10am.

## Volunteer with the Food Share

If you're interested in helping out, the Food Share is looking for volunteers from the community.

**Food share Hours: Tuesdays, 9am to 10am**

# Back to School Backpacks

362 backpacks were distributed to PHA subsidized housing residents and participants at the end of August 2024.

- 150 packed backpacks were donated by the University of Maine Cooperative Extension Cumberland County 4-H program
- 40 packed bags were donated by the Portland Police through Community Policing
- 240 bags were purchased and filled with supplies by Portland Housing Authority
- 20 Binders and filler paper was donated by Maine Needs
- Remaining backpacks will be distributed next August or given to families in need.

# 2024 Scholarship Program

- The Scholarship Program has been renamed to the Thomas Valteau Scholarship starting in 2025
- awards ranged from \$1,000 to \$5,000
- \$37,000 was distributed to 15 awardees:
  - ⦿ 6 to east bayside neighborhoods
  - ⦿ 3 to Front Street East
  - ⦿ 3 to Voucher Program Participants
  - ⦿ 2 to Riverton park
  - ⦿ 1 to Sagamore Village

# The Root Cellar Food Share Group

Sharing food and growing community

If you're looking for a way to get involved in your local community AND want more fresh foods, breads and protein, consider The Root Cellars Food Share program. This group is composed of community members, just like you, who want more fresh foods and to save money. Here's how it works.

1. Sign up and pay the \$5 annual fee
2. Join a volunteer distribution group. Group 1 meets 11am to 1pm every other Friday and Group 2 meets 1pm to 3pm every other Friday.
3. Choose your food items and take them home.

Food shares are a local tradition. It's a way to share the bounty with your neighbors while feeding you and yours.

For more information about the Food Share and the Root Cellar to

[www.therootcellar.org](http://www.therootcellar.org)

## Join the Resident Advisory Board

Portland Housing Authority is looking for residents who are interested in sharing their resident experience and support the wider resident community. We're looking for residents of all ages, and backgrounds, whether you live in our housing communities or have a voucher to help us improve our processes, come up with resident-centered ideas and plan events. The commitment is minimal.

- Members must be able to attend 4-6 meetings a year.
- Membership on the board comes with a stipend of \$100 for each meeting you attend.
- Members must be and stay in good standing with PHA.

If you're interested in this opportunity, or just have questions, contact Teyonda Hall, Director of Resident Services, at [thall@porthouse.org](mailto:thall@porthouse.org) or call 207-221-8003

**Get  
Involved!**

Portland Housing Authority would like to welcome

# New Resident Services VISTA Volunteer, Max

Max Van Osdol has joined the Resident Services Team at Portland Housing Authority as an AmeriCorps VISTA volunteer to help us understand more about access to affordable, healthy, culturally appropriate food in our communities. Through his service, he will help us bring equity, consistency, and support to programs and services to make sure everyone has access to affordable and healthy foods long term.

Expect to see him around your community this year as he seeks your input on food access and resources. He will have many conversations with individuals, groups, and seek your input on specific questions through a survey.

Read through the **CHEETA Newsletter** to learn about the projects the Sagamore Village CHEETA interns worked on this summer!

# CHEETA Newsletter

SAGAMORE VILLAGE  
♦  
Summer 2024

## What is CHEETA?

The acronym CHEETA stands for Community Hope through Education Empowerment Training and Action. The CHEETA Project is a community-based youth empowerment and skills development program seeking to promote social justice, equity, and diversity.

The program was created in 2010 in Riverton Park, which is one of the Portland Housing Authority neighborhoods. In the summer of 2013, the CHEETA Project expanded to the neighborhoods of Kennedy Park, Sagamore Village, and Front Street.

CHEETA interns are teens from diverse backgrounds who come together to plan ways to implement change in their communities.

Over 8 weeks, CHEETA interns develop and manage projects, budget, problem solve, and develop other transferable skills.

This summer, Sagamore Village had 4 CHEETA interns. Read through this newsletter to learn about their advocacy work in your neighborhood!

Summary of Our  
Summer

Our Projects:  
Safety

Our Projects:  
Community  
Engagement

Our Projects:  
Trash and Litter

FROM LEFT TO RIGHT: FAITH, NEVAEH, DEB, TRISTAN

## Meet the 2024 SV CHEETA Interns!

**Faith:** I'm a 16 year old junior at Deering High School. I joined CHEETA to help the community with its safety problems and other problems like trash and a lack of programming. I like to cook, hangout with friends, and listen to music.

**Nevaeh:** I'm 15 and a sophomore at Deering High School. I joined CHEETA to help the community with safety and trash problems. I like art and hanging out with my friends. I hope I can be an art therapist and help people feel understood by listening to their problems and helping them with their feelings.

**Deb:** I'm 17, I like to act, and I am a senior at Portland High School. The reason I wanted to join CHEETA was to make changes to our community and to make residents happier. When I moved to Sagamore in March of this year I noticed how quiet the neighborhood was and how there wasn't a lot of programming. That was when I knew I wanted to make a change.

**Tristan:** I'm 16 and I'm a junior at Deering High School. I'm going to a trade school for masonry, and I wanted to join CHEETA to help out the community. In my free time, I like to go fishing.

## What Did We Do This Summer?

Over these 8 weeks, we got to know each other and worked as a team to figure out what's wrong in our community and how to make things better.

First, we came up with a list of things we liked and disliked about Sagamore Village. Then, we separated our concerns into 3 categories we're concerned about: safety, trash, and community engagement.

We decided to do a general survey, in which we asked residents for feedback on what projects they would like to see in SV. We then met with our Property Manager, Jesse, our Community Police Liaison, Johanna, and the Director of Resident Services, Teyonda to share our concerns, project ideas, and the survey feedback.

After narrowing down our list of project ideas, we presented our research and project proposal to the Deputy Executive Director of PHA. The last few weeks of our summer were spent planning and completing our projects, which we'll share more about in this newsletter!

## Our Projects

### Safety

- Traffic Calming Petition
- Safety Brochures
- Safety Survey

### Trash

- Trash Can Proposal

### Community Engagement

- Resident Council Outreach

## Addressing Safety

The issue of safety came up a lot when we were identifying problems in our community. People stealing bikes, kids/teens fighting, and a lack of pedestrian safety are common problems in Sagamore Village. We think some of these problems are caused by the lack of police officers, security cameras, and street lights in Sagamore.

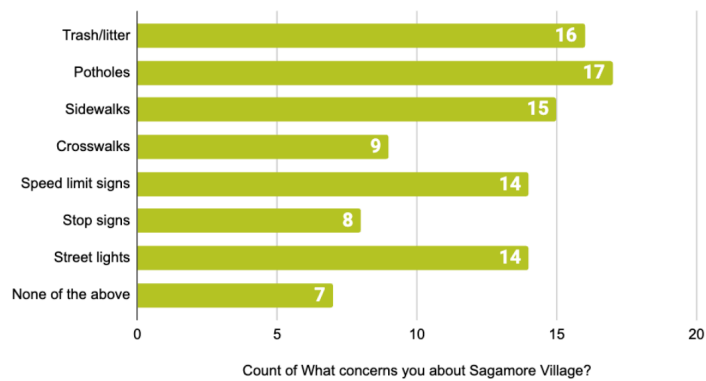

We found out that the issue of pedestrian safety is difficult to address. Because Sagamore Village is a historic neighborhood, it can be difficult to make large changes to the layout (like adding sidewalks). We're concerned about this because we know people, especially kids and teens, who have nearly been hit by cars in Sagamore Village. We hope that sidewalks will be added with the redevelopment of the neighborhood.

To address our concerns about speeding on Taft Avenue, we decided to gather signatures for the city's **Traffic Calming Petition**. We collected 10 signatures from Taft Ave residents, which is enough to submit the petition to the City Clerk's office.

With the help of our community policing coordinator, Johanna Rozzi, we also made **safety brochures** to share with Sagamore Village residents.

The brochures contain information on who to contact in an emergency, how to sign up for the city's alert system, and how to file a police report.

We also made a **safety survey** to measure how safe people feel in Sagamore Village. In the survey, we asked residents various questions about safety. We got over 30 responses from residents, and you can see some of the feedback from the survey on this page.

Are cars speeding a problem in Sagamore?

Would you feel safe having more streetlights?

Is Sagamore Village accessible in all seasons?

Do you feel like you have a place to voice your safety concerns?

## Addressing Community Engagement

As CHEETA interns and SV residents, we felt there was a lack of community engagement in Sagamore Village. We want to have more programming for teens, adults, and seniors. When we conducted a general survey, some residents shared the same concerns as us.

When we brought up the lack of community engagement during our meeting with PHA staff, Teyonda explained that the lockdown and social distancing during COVID-19 led to the end of the resident council, which used to plan events in the SV community. She also shared about the work she has done as Director of Resident Services to bring back the Resident Council.

The first meeting for the Resident Council will be held sometime in November. Some residents have already expressed interest in joining, but we are hopeful that more people will be eager to join and share their ideas and neighborhood concerns in a safe environment.

To help Teyonda spread the word and rebuild the Resident Council, we created **flyers** advertising Resident Council. In this newsletter, you can find the flyer, which includes some questions for residents to answer on paper or online. We understand that residents may have a hard time using phones or paper, so we wanted to include different options to make it more accessible.

Teyonda also asked if we could collect resident suggestions for programming. On our safety survey, we asked residents what kinds of programming and events they would like to see. We got a lot of great suggestions. Some of the most popular programming options were CPR/First Aid trainings, block parties, holiday parties, movie nights, and bingo.

We also wanted to get a **bulletin board** for our community, and Jesse was onboard. We sent him a proposal with bulletin board options and a potential location. Hopefully we'll have a bulletin board to display community news in the next few weeks!

A PEEK AT OUR SAFETY BROCHURE AND RESIDENT COUNCIL FLYER

## Addressing Trash and Litter

Sagamore Village has a trash problem. We've noticed that some residents leave things like couches, tables, beds, TVs, and workout equipment outside. Sometimes, residents leave food out on their back porches, which makes animals want to come for more food.

Litter and pet waste is also a problem in Sagamore. Because some people don't want to hold on to their trash or pick up after their pets, they leave trash on the ground.

We should be concerned about this because trash brings pests, rats and other kinds of animals. It also makes the community look like no one cares about the appearance of our neighborhood, which is sad.

To address the trash and littering problems in Sagamore Village, we asked our Property Manager, Jesse, if we could get **trash cans** installed around our neighborhood. We chose trash cans with lids to keep animals out of the trash.

We also picked 3 location in Sagamore Village for the trash cans and shared the proposal with Jesse. We hope the trash cans will help with littering and pet waste, which will make Sagamore look better.

*That covers the projects we worked on this summer. Thank you for your help in answering survey questions, signing the petition, and giving us helpful feedback!*

Thank you for reading!

# Portland Housing Authority Study Centers

Portland Housing Authority (PHA) is following guidance from the U.S. Centers for Disease Control (CDC), the Maine Center for Disease Control, and other public health agencies. PHA mandates mask wearing, vaccinations for staff, increased hand-washing and other hygienic practices, and frequent cleaning of common surfaces. PHA will adapt to the latest guidance and may close Study Centers at any time if there is a neighborhood, local, or state-wide concern.

You and your student(s) are NOT required to participate in-person at the Study Center. Should you choose in-person participation, you assume all risk for yourself and your student(s). Online options are available upon request to Study Center staff.

**Call, text, or email staff to make video call arrangements or to learn more about programming at the Study center:**

<b>Kennedy Park Study Center</b> 51 Mayo Street (207) 221-8073 kp.studycenter@porthouse.org	<b>Riverton Park Study Center</b> 61 Riverton Drive (207) 221-8074 rp.studycenter@porthouse.org	<b>Sagamore Village Study Center</b> 21 Popham Street (207) 221-8075 sv.studycenter@porthouse.org
--	--	--

**Masks are not required in the Study Centers but are encouraged and available.**

Anyone exhibiting cold or flu like symptoms will be required to mask in the Study Center. Anyone with a fever will be asked to leave and encouraged to get tested for Covid.

**We ask that you DO NOT allow your student(s) to attend the Study Center in-person and that you quarantine/test/seek medical advice if:**

- A member of your household has any of the common symptoms of Covid-19 (has a fever, cough, chills, shortness of breath, fatigue, or loss of taste/smell).
- A member of your household tests positive for Covid-19 or your doctor tells you they are presumed to be positive for Covid-19.
- A member of your household has been near someone who has tested positive for Covid-19 in the past two weeks.

# PHA NOTIFICATIONS

As part of our ongoing effort to increase quality communication with our residents, PHA has launched a notification system. This system will allow us to communicate about important things happening in your program, neighborhood or emergencies. You can choose to have alerts go to your phone or email. Our goal is to stay in touch! So, please, take a moment and sign up for the notification system.
